Dear Head Teacher

**M8 M73 M74 MOTORWAY IMPROVEMENTS PROJECT**

I am writing on behalf of Scottish Roads Partnership, the company appointed to deliver the £500m M8 M73 M74 Motorway Improvements Project.

All major roads connected with the M8 M73 and M74 were opened on 1 June 2017 and are now able to operate at full capacity. This project will bring safer roads, less congestion and a better quality of life for road users and local communities. It will also bring significant economic benefits to road users, businesses, communities and industry in the west of Scotland, and the country as a whole. However, planned maintenance activities, as well as essential finishing and snagging works will continue until at least September.

As a responsible company, the safety of the public is of paramount importance to us. I would therefore be grateful if you would take the opportunity before the Summer holidays to highlight to your pupils the inherent danger associated with construction sites. They should **never enter the site without permission as this is the only way to ensure their own personal safety.**

For further information on the project, you can visit the Transport Scotland website: <https://www.transport.gov.scot/projects/m8-m73-m74-motorway-improvements/>

If you have any enquiries regarding these works, please contact us on 0800 042 0188.

In the meantime I would like to take this opportunity to wish you, your pupils and staff a safe and relaxing Easter break.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'G. Valtueña-Ramos'.

Gabriel Valtueña-Ramos
